Dayton Area Rugby Club (DARC)

Started in 1969 as a men's team, DARC has moved to develop rugby throughout the Miami Valley and is now made up of three sides; men, women and under 19 (U-19). The men's side has won several Division II state championships and has appeared in Midwest Championships. The women's side is a competitive Division II rugby team that won the Midwest Championship twice and has competed in the National Championship. The U-19 youth program continues to grow and in 2009 were Southwest Ohio League Champions.

Through sponsorships, we are able to help position DARC for continued success in the future. Other than the tremendous appreciation and loyalty we can show to sponsors/donors in response to their generosity, we list below additional token's of the club's appreciation. We have many levels from which to choose.
